

# DISTRICT WINERY

## *Blending Session*

Wine blending involves mixing different types of wine, which many wineries do to polish their wines before bottling. This interactive activity allows guests to explore the art of blending while also getting to know each other.

### ACTIVITY DETAILS

- **Length:** 45 minutes
- **Number of Guests:** 15 - 60 people

### ACTIVITY STRUCTURE

- Guests are broken into groups and assigned to a blending station, which has five different wines, a blending kit, and a wine aroma wheel.
- District Winery staff will walk guests through the process of how to use the blending tools and how winemakers blend wines.
- Each group creates its own unique wine blend by mixing and matching wines.
- Blended Wine Contest:
  - Each team submits their favorite blend to District Winery judges.
  - Each member of the winning team gets a bottle of District Winery wine to take home.
